FOR IMMEDIATE RELEASE

Approved Miniature Circuit Breakers From Zest Weg Group

A full range of approved miniature circuit breakers, offering protection against overload and short circuit in electric conductors, is available from Zest WEG Group.

The WEG MDW and WEG MDWH miniature circuit-breaker line comply with the tripping characteristic curves B and C, according to standards IEC 60898 and IEC 60947-2.

These miniature circuit breakers have been developed to be used in low voltage circuits with direct or alternating current from 2 to 125 A and short circuit breaking capacity up to 10 kA. The full range includes all accessories in both 5 kA and 10 kA, making it possible for the Zest WEG Group to supply customers with complete solutions for specific projects.

All the WEG MDW and WEG MDWH miniature circuit breakers can be used in both commercial and domestic applications.

MINIATURE CIRCUIT BREAKERS PIC 01 : A WEG single pole circuit breaker.

MINIATURE CIRCUIT BREAKERS PIC 02 : A WEG double pole earth leakage device.

MINIATURE CIRCUIT BREAKERS PIC 03 : A WEG double pole isolator.

MINIATURE CIRCUIT BREAKERS PIC 04 : A WEG surge arrestor.

MINIATURE CIRCUIT BREAKERS PIC 05 : WEG miniature circuit breaker accessories.

MINIATURE CIRCUIT BREAKERS PIC 06 : A WEG triple pole circuit breaker.

MINIATURE CIRCUIT BREAKERS PIC 07 : A full range of approved miniature circuit breakers, offering protection against overload and short circuit in electric conductors, is available from Zest WEG Group.
