

2014 SAEEC now just a month away!!!

With 1 month to go anticipation is growing for the 9th Southern African Energy Efficiency Convention (SAEEEC).

600 delegates are expected to gather at Emperors palace on the 12th & 13th November for this annual event where 105 confirmed speakers will bring the latest in cutting edge technology, innovation and energy saving solutions.

The 2014 SAEEC will also see the most comprehensive variety of breakaway sessions offered:

Day 1 will see focussed discussions on Energy Management & the ISO 50 001 standard, the latest in Co-generation opportunities and technologies & its role in securing our energy future, and Tax Incentives with a fresh look at Carbon Tax.

Including in Day 1's breakaway sessions will be a historic gathering of the 1st Females in Energy Efficiency (FEE) chaired by Lisa Reynolds. Listen [here](#) for more on this exciting new gathering.

And more history will be made when the 1st Green Transport Panel Discussion takes place on day 1 of the 2014 SAEEC. For more on this Panel discussion listen [here](#)

On Day 2 breakaway sessions will include updated presentations on Measurement & Verification (M&V) from the M&V Council of South Africa, Industrial & Mining Efficiency and opportunities in Renewable Energy from the Dept of Energy to name a few.

With such a diverse program available at the 2014 SAEEC there is something for everyone at this year's annual event!
