

Hausmening / Amstetten – April 7th 2015

Chinese State Leaders meet with Austrian President Heinz Fischer

On March 26th and 27th, Chinese State Council Premier Li Keqiang and Chinese President Xi Jinping met with Austrian President Heinz Fischer, who paid a state visit to China and also attended the annual conference of the Boao Forum for Asia 2015.

Xi Jinping welcomed the Austrian delegation and expressed his appreciation for the fact that President Fischer has devoted himself to the development of China-Austria relations for a long time and made important contributions to promote the exchange and cooperation between both countries.

During this state visit of President Fischer, China and Austria signed approximately 20 cooperation agreements. Witnessed by president Fischer and his high-level delegation, CEO of LiSEC Shanghai Trading Co., Ltd., Mr. QIAO Chi, and General Manager, Mr. CHU Baoquan, of Yunnan Diankai Energy Saving Science & Technology Co., Ltd. signed a Strategic Cooperation Contract on “LiSEC Intelligent Continuous Glass Processing System” with a value of approximately 9 Million euros.

About LiSEC

LiSEC, with headquarters in Hausmening/Amstetten, is a globally active group that has provided innovative individual and complete solutions in the field of flat glass production and finishing for more than 50 years. The business activities encompass machines, automation solutions and services. In 2013 the group generated a total turnover of around 200 million euros with around 1,500 employees and over 20 sites, with an export quota of more than 90 percent.

LiSEC develops and manufactures glass cutting systems and sorting systems, individual components and complete production lines for insulation and laminated glass production as well as glass edge machining systems and tempering furnaces. With reliable technology and intelligent automation solutions LiSEC sets the standard in quality and technology, contributing significantly to the success of their customers.
