25<sup>th</sup> February 2016  
**For immediate release**

### **Seamless Entrance Solutions for Lynwood Porsche**

Besam sliding doors from door solutions specialist, ASSA ABLOY Entrance Systems, provide seamless entry and exit at the Porsche Lynwood dealership.

The dealership required a new reliable and safe entrance and exit system that is capable of withstanding continuous use while ensuring customer convenience and complementing the aesthetics of the building.

The entrance and exit solution from ASSA ABLOY Entrance Systems consisted of eight Besam Bi-Parting Unislide sliding doors. The feature-rich Besam door solution meets all the customer's requirements and offers numerous cost saving benefits.

The doors prevent heat, cold and wind from entering the air-conditioned interior; maintaining a comfortable climate inside the showroom reduces the air-conditioning systems' electricity consumption. Most of the doors operate remotely for added convenience.

Sensors can be switched to an option of the user's choice, providing optimum versatility. The doors can, for example, be set to automatic for normal door operation to allow two-way traffic while the one-way setting allows passage from the inside only. They can also be set to remain permanently open or closed while the auto-partial setting allows for partial opening during two-way traffic. The reset option will return the doors to the closed position after which the doors will function as normal. All sliding door operators are linked to the fire alarm systems for safety and easy evacuation.

## ASSA ABLOY Entrance Systems

2/...Besam sliding doors\_Lynwood Porsche

Outstanding quality is the trade mark of the Besam range, from materials and manufacture to service, for maximised product lifetime that delivers a rapid return on investment for customers. The Besam Unislide doors carry a 12 month warranty which commences from the day of delivery. Regular service inspections are conducted by highly trained qualified technicians to ensure optimum operation. Furthermore, Besam's flexible one year maintenance contract can be conveniently extended annually.
