

SAITEX, Africa's original multi-sector trade show, back for 27th year

[SAITEX](#), one of Africa's largest and most well established trade exhibitions, will be back at Gallagher Convention Centre in Johannesburg for its 27th run from 21 – 23 June 2020.

The hugely successful multi-sector trade show offers importers and exporters a unique opportunity to find new trade opportunities across Africa and abroad. Staged as part of Africa Trade Week, SAITEX attracts up to 10,000 attendees, including international buying missions and government delegates from over 67 countries. More than 150 local and international exhibitors, including retailers and manufacturers, will showcase products ranging from cosmetics through to construction machinery at SAITEX, clinching new deals and paving the way for global partnerships. Highlights of the show will include an E-Commerce Forum, JCCI workshops and free SMME training.

SAITEX is presented by dmg events and will be co-located with the [Hotel & Hospitality Show](#) – the hospitality industry's premier event – and [Africa's Big 7](#) food and beverage sector show, as part of Africa Trade Week. A limited number of stands are still available. For information, please click here: https://dmgemsforms.com/SAITEXforms//Default.aspx?id=917&_ga=2.207596506.890265672.1563167991-1454488611.1556201853
